

Kevin W. Higgins

Kevin William Higgins

San Jose, CA 95110
(408) 478-0128
kevinhiggins1333@gmail.com

PROJECTS AND CLASS WORK

Software: Link lists, chained hashing, Quantum webbing theoretical rendering(group physics project on Linux VMs), custom LLM.

Electrical: Rebuilt hybrid car batteries, power supplies, Oscilloscopes, and PVT machines.

EDUCATION

San Jose State University, San Jose, CA — *Computer Engineer*

December 2025 - Present

Currently studying to become a **Computer Engineer** / Business and to become a better smarter community member.

West Valley College, Saratoga, CA — GE, Engineering, CompSci, and biology, business, and kinesiology.

August 2021 - December 2025

VOLUNTEERING

Hope of the Nations — Missions Volunteering

Volunteer missions work. Bring medicine, supplies, infrastructure and hope to the people of Tanzania. <https://hopeofthenationstz.org/>

Leaders on the Loose — Community Volunteer project

Volunteer work for teaching/helping sports with kids. My experience has been working and communicating with kids.

EXPERIENCE

Willard Hicks, Morgan Hill, CA — *Server*

June 2025 - Present

I've been a member of the Willard Hicks team for half a year now and it's been a pleasure to diversify my sales and customer service skills. I've also had the pleasure of training many staff members on how to serve.
