

Kevin W. Higgins

San Jose Area, CA - (408) 478-0128 - kevinhiggins1333@gmail.com - <https://not-krevin.github.io/STEM/>

EDUCATION

San Jose State University, San Jose, CA - *December 2025 - Present*

- Bachelor of Engineering in Computer Engineering (Expected May, 2028)

West Valley College, Saratoga, CA - *August 2021 - December 2025*

- ADT of Science in Engineering & Computer Science

TECHNICAL SKILLS

- **Languages:** C++, Python, SQL, Rust, Assembly (x86), HTML/CSS, Java
- **Tools:** Linux, Git, MATLAB, CAD, Excel
- **Hardware:** Oscilloscopes, Multimeters, PC Building, Circuit Troubleshooting, FPGA

TECHNICAL SKILLS PROJECTS

Hybrid Battery Diagnostics & Reconditioning

- Diagnosed voltage irregularities in high-voltage hybrid battery packs using multimeters, oscilloscope and OBDII scanners.
- Disassembled battery assemblies to identify faulty cells and performed busbar cleaning to restore electrical conductivity, recreated a Techstream-style voltage-analysis workflow.
- Utilized an oscilloscope to monitor signal integrity during charge/discharge cycles.

LLM-Powered Marketplace Analytics Tool

- Developed a Python tool using LangChain and the OpenAI API to analyze marketplace listings and pricing trends.
- Built a data pipeline to collect listing data, store it in SQL, and analyze current pricing patterns.

Quantum Physics Simulation (Linux Group Project)

- Reduced simulation calculation time by 40.1% by optimizing C++ rendering and computation routines in a Linux virtual-machine environment.
- Collaborated with a team to simulate theoretical quantum webbing interactions in a Linux VM environment.

EXPERIENCE

MoHi Farm, Morgan Hill, CA — Server - *February 2026 - Present* (6+ years of serving experience)

- Trained new employees on toast POS and efficiency standards.
- Maintained high customer satisfaction ratings in a fast-paced, high-volume environment.

LEADERSHIP EXPERIENCE

Hope of the Nations - Tanzania

- Assisting in logistics and education. Public speaking to children and teens, as well as being a main speaker for a leadership conference. Presented to audiences of 100+.
- Collaborated with international teams to build projects across language and cultural barriers.

PERSONAL INTERESTS

Linux kernels, State record in powerlifting, Mountain biking, Swimming, philosophy / theology

CHARACTER REFERENCES AT ANRITSU

Wes Whitley,	Manufacturing Engineering Manager at Anritsu	Elder at my church
Daniel Krull,	Customer Service at Anritsu	Friend
Kapena Audrey,	Blank at Anritsu	Friend
